

MAYOR OF LONDON

Date: 24 October 2025

I wanted to write to offer my personal thanks to everyone in the GP Care Group Social Prescribing team for all the incredible work you do to support the residents of Tower Hamlets through your Social Prescribing Service.

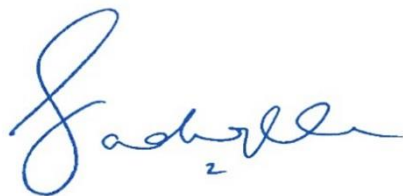

By recognising that the health and wellbeing of Londoners is shaped by the conditions in which they live, your impact will be strong and long lasting. It is incredible that last year you supported more than 10,000 Londoners - I know that you will continue to make a difference to more people in your community this year too.

I was so pleased to hear about your recent collaboration with Santander Cycles, working together to offer discounted cycle hire to the residents of Tower Hamlets. Travelling by bicycle is an ideal way to fit physical activity into our everyday lives, whilst moving around the city and enjoying the beautiful spaces it has to offer. It is wonderful to see partners coming together to support the health of all Londoners. I am looking forward to hearing more about how your clients benefit from this offer.

As Mayor, I am committed to making London the healthiest, fairest city in the world. Your team is making an important contribution to us achieving this ambition.

Thanks again for helping more Londoners live healthy, happy lives.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Sadiq Khan', with a small '2' written below the name.

Sir Sadiq Khan
Mayor of London
